

ELECTRIFICATION U.S.

Product Life Cycle Announcement

Enclosed Rotary Disconnect Switches UL98: EOT, NF, FC, FJ

In accordance with the ABB global strategy, the Enclosed Rotary Disconnect Switch UL98 (EOT, NF, FC, FJ) product line will enter the **Limited phase** of their life cycle on **January 1, 2025** with a **Last Time Buy** on **December 31, 2024**.

This life cycle management is being done to provide our customers with the latest technology available in these product categories. For process details please visit [Life Cycle Management](#).

LCM Phase	Active	Classic	Last time buy	Limited	Obsolete
Effective Date	UL98 Enclosed Rotary Switch EOT, NF, FC, FJ	January 1, 2023	December 31, 2024	January 1, 2025	January 2, 2025 or When inventory is depleted

With the obsolescence of Enclosed Rotary Disconnect Switch UL98, now is the time to move to new technology. The new UL98 ERS range helps make your business more competitive by offering an opportunity to serve a wider variety of applications in one streamlined range. It's a simpler way to improve protection for equipment and personnel, increase uptime, and reduce maintenance.

For more information on the new UL98 ERS offering, see product resources linked below on page 3 of this announcement.
